

Wilson "Mac" McCulley, Jr.
Pensacola Pre-Flight Class 13-48

BRIEF BIO

I was in the program twice. I started in Pre-Flight Class 11-48, had a little problem, and ended up in 13-48. I came to the program from the University of Tennessee. After completing Pre-Flight, I went into VP, and had one tour of duty with VP-3, in Jacksonville. I then went to VR and had one tour with VR-8, in Honolulu. I then went to Westover, Massachusetts, New Jersey, Moffett, and back to New Jersey with MATS and then went to the MATS Training Command. After finishing a tour there, I went on Recruiting Duty.

I finished up my career at Jacksonville, again, at the Naval Air Training Center. After 26 years, retired as an O-6 (Captain).

I'm now living in Jacksonville, presently working in the school system there.
